

approval for the use of messenger apps in the communication with our company

According to the German and European Law the “General Data Protection Regulation” dated the 27.04.2016 is protecting the data of natural persons with regard to the processing of personal data and on the free movement of such data. The full wording of the European Regulation can be downloaded at www.datenschutz-grundverordnung.eu or other official internet pages of the European Union.

As the messenger apps **Whatsapp** and **Telegram**, which are used by Hawerkamp Maschinenbau und Kunststoffrohr GmbH, Industriegelaende 7, 51674 Wiehl, Germany (called “bauku” hereafter), are collecting personal data of the participants of a chat, we are not entitled to communicate with our business partners unless the following approval is filled out, signed and returned to our company.

approval form

identification of business partner:

full name of person	
date of birth	
company name	
company address	
mobile number incl. country code	

approval for messenger apps:

With my signature under this form I clearly express my free will to communicate with bauku, with the messenger app “WhatsApp” or “Telegram”. I fully understand that my personal data as saved in the contact lists of the mobile phones will be transferred to the owners of the apps and that also details of the communication will be saved on external servers of the owners of the apps. I fully understand that the use of my data by third parties cannot be controlled and that bauku cannot be held responsible for any problem arising therefrom. I fully understand that a communication with messenger apps is informal and non-binding and that only written letters or emails to the official company address can handle important information.

This approval will be valid unless I draw back my agreement in written form.
